

Chemola™ Desco Super Penetrant

Fast-Acting Rust and Oxide Penetrant

Chemola™ Desco Super Penetrant is a clear, all purpose industrial penetrating oil. It is scientifically formulated for maximum penetration to give faster breakout. It can be used for all dismantling jobs throughout the plant, shop, rig or wherever metal parts are hard to operate or are frozen by corrosion. The lubricant in Super Penetrant is an extreme pressure oil that plates quickly onto metal surfaces. This allows the threads to be loosened while all the metal surfaces are coated to prevent galling. Super Penetrant can be used as a protective coating for freshly machined surfaces. This product should not be confused with ordinary penetrating oils. This premium penetrating oil handles your easy jobs, your hard jobs, and your impossible jobs.

Recommended Uses

Penetrating oil

Typical Characteristics

Appearance	Yellowish liquid
Base Oil	Mineral
Base Oil Viscosity	4 cSt at 40°C
Base Oil Pour Point	0°F (-18°C)
Additives	Rust and corrosion inhibitors
Specific Gravity	0.8
Density (lb/gal)	6.7
Flash Point	106°F (41°C)

Packaging Information

Item Number	Unit Size	Quantity
0847012PT	1 pt can	12 per carton
SP0405	13 oz aero can	12 per carton
0847004RD	8 lb	4 per carton
0847005BM	40 lb	
0847055DR	375 lb drum	

DO NOT USE ON OXYGEN SERVICE.
Special packaging sizing available upon request.
