SOCO

PRO-BLAST

SOCO Pro-Blast is a powerful, non-flammable, and eco-friendly cleaning solvent that finds use across a wide range of industrial applications, from parts cleaning to area cleanup. Water-free and water-insoluble, it is safe for metals as well as other materials, including concrete, rubber, and most plastics. It removes tough deposits of grime, oil, and grease, and can be used as a valve flush to free up hard-to-operate valves.

TYPICAL CHARACTERISTICS

Appearance	Clear liquid
Flash point	175°F (79°C) (open cup)
Specific gravity	0.81
Density	6.8 lb/gal
Temperature Range	- 20°F to + 450°F (- 29°C to + 232°C)

Recommended Use

Pro-Blast is a general cleaning solvent recommended for Ball, Gate and Plug valves found on gas and liquid transmission and gathering lines, as well as valve on gas distribution systems
